# HYBRID & PRIVACY COLLECTIONS

Discover our 3000, 4000, and 4500 Series | Hybrid & Privacy Collections

The Hybrid & Privacy composite Collection seamlessly blends the strength of galvanized steel with the lasting durability of composite materials. These fences feature a consistent appearance on both sides, ensuring quality and elegance with zero maintenance. Inspired by nature, the neutral and timeless colours achieve the perfect balance between sturdiness and sophistication.

## PANORAMA SERIES

The Panorama model combines distinctive style and sophistication with a sleek and understated fence design. Suited for any landscape, this contemporary fence elevates both the aesthetics and security of any property without imposing visual clutter. Featuring reinforcing V-bends, it exudes an aura of prestige while effortlessly harmonizing with both traditional and modern architectural styles. Intrusion-resistant, its installation is simple and cost-effective, facilitated by a versatile post and bracket system.

# GLASS COLLECTION

## 6 MM - 10 MM - 12 MM

Discover our glass fences offering both framed and frameless options to elevate your space with a fusion of modernity and security. Our tempered glass panels boast polished edges and corners, ensuring exceptional strength and durability. Choose the model with a galvanized steel frame for maximum robustness, or opt for the frameless design, providing unobstructed views and a minimalist look. Each component is meticulously crafted to harmonize aesthetics with performance. Treat yourself to an elegant glass fence that adheres to the highest safety standards.
